

Dear Parents,

Is your child enjoying coding? Would you like them to practice this 21st Century Skill this summer? Coding and math go hand and hand, and coding teaches sequencing and logic. Every grade coded this year.

If you would like your child to practice coding, they may go to: https://studio.code.org/users/sign_in and enter their section code in the upper righthand corner of the login page to continue where they left off. Alternatively, they may make their own account. Next they are directed to a login screen where they find their name and either secret picture or passwords. K-3 use secret words
4-5 uses a two word password (with a space in between)
6-8 made their own passwords.

Enter your 6 letter section code

Section Code (ABCDEF)

Go

Here is a listing of class codes based on their last homeroom teacher or grade:

Olgin	QMKVWS	Berko	VFJYWY
Fraser	NVQMFP	Silber	BYMPJH
Nadler	PBCQSN	Saper	GVQGXX
Joseph	GPWGQY	Campanelli	FVXBTR
Garber	HBCSVK	Sixth Grade	CQQLYS
Traulsen	FNVDCB	Seventh Grade	DGYXCF
Eckstein	WFPCXQ	Eighth Grade	NBDCGV
Stokes	NCSVWJ		

If your child (K-5) needs their secret picture or passwords, please feel free to email me at sfinks@pardesschool.org, and I will try to get back to you as soon as possible. Bear in mind, I may be out of town, but I will be around most of the summer.

Have a terrific summer,

Susan Finks
Director of the Makerspace
